

BZ33-PEP

FEATURES

- Always flat, self-leveling design
- Resistant to weather, temperatures & UV
- Pad size stamped on every part
- Textured surfaces for superior traction
- Reinforced sidewalls & wear areas
- Reinforced, uniform ribbing corner bracing protects against mowers & weed eaters
- Reduced sharp edges
- Operating temperature: -60° F – 180° F
- Constructed from high grade, impact resistant polyethylene

WARRANTY

Limited lifetime warranty. Visit breeze33.com for details.

INSTALLATION NOTES

- Pads must be fully supported across the bottom, and set on compacted soil, hard surface, or gravel
- Load should be distributed evenly across pad surface to give maximum allowable load rating

Exclusions or Limitations: Breeze33 Equipment Pads are designed and manufactured to be used as bases or light, ground supported equipment such as air conditioning condensers, swimming pool filters and heat pumps. Use of Breeze33 Equipment Pads for purposes other than those listed above or improper installation of Breeze33 Equipment Pads may result in pad failure. Breeze33 disclaims any liability due to such misuse or improper installation.
