

GAS FURNACES

80% AFUE

CONSISTENT, AFFORDABLE
COMFORT ON DEMAND.

SOME DECISIONS ARE TOUGH. THIS ONE ISN'T.

When you consider a Breeze33[®] gas furnace, quality is a given. You're getting peace of mind with great features and a smart design—and best of all, you get it priced right.

EFFICIENCY RATINGS

Consider the AFUE (Annual Fuel Utilization Efficiency) ratings that measure how efficiently the fuel is used by the furnace. Higher numbers mean greater efficiency and lower gas bills for you.

EVERYDAY SAVINGS

The blower in a gas furnace operates all year long to circulate hot air or cold air throughout your home. Compared to a fixed-speed (PSC) blower motor, a constant torque or variable-speed blower motor will provide everyday savings on your electric bill.

IS IT TIME TO REPLACE YOUR GAS FURNACE?

It can be hard to decide whether to repair or replace. Here are a few things to keep in mind when you're deciding:

- **Age of the furnace** – With the average life span of furnaces being 10-12 years, it's worth considering investing in a new one, as repairs may not be worth the investment.
- **Updates** – New technology is making furnaces more efficient and easier to use and control. Rigorous run testing of each furnace in our factory helps ensure reliable performance in your home.
- **Repair costs** – Once repair costs exceed 50% of the cost of a new unit, a new purchase might be in order. This is especially true if you'll be staying in your house for several more years.

WHATEVER YOUR NEEDS, A BREEZE33® FURNACE IS HIGH QUALITY, PRICED RIGHT.

80% AFUE

80G1E*

STAY WARM AND SAVE MONEY.

- Constant torque motor produces consistent airflow and even temperatures
- Saves 30% in electrical efficiency over 80G1

BUILT-IN EFFICIENCY.

When compared to standard motors, constant torque motors operate with 25% fewer watts while operating in cooling mode and up to 75% fewer watts in fan-only mode.

PEACE OF MIND

All gas furnaces are factory run-tested to ensure reliable performance in your home. They come with a 10-year limited warranty on parts and a limited lifetime warranty on the heat exchanger.**
